1. 企業紹介(※必填)

Established in 2000, ACE Group has grown for more than 20 years across wireless and healthcare industries. Originally, ACE Group formed ACE Solution as its first foray to focus on wireless communication, networking hardware, and customized system integration projects. Driven by President Steve's vision to improve healthcare quality, he built the ACE Biotek building from the ground up and officially founded ACE Biotek in 2018. ACE Biotek integrates the past 20 years of industrial experience and knowledge to solve unmet clinical needs. In order to achieve the early diagnosis of diseases, we have developed smart medical solutions regarding imaging algorithms, cloud computing, artificial intelligence, and terahertz technology so far. Long term, ACE Biotek will expand globally to serve as a platform to cultivate talents and support tech companies to transform into Medtech.

2. 事業内容(得意技術、強み)(写真含むも良い)(※必填)

ACE Group was established in 2000, and the headquarter is located in Hsinchu Biomedical Science Park in Taiwan. ACE Group aims to develop a total solution of wireless communication and medical electronics fields.

ACE Biotek dedicated in smart medical and THz technology since 2014. ACE Biotek now is targeting the aims on enhancing imaging algorithm, artificial intelligence, as well as terahertz technology.

ACE Biotek Business Field:

Wallie Screen

O-Ring

1. Wallie Screen: use AI technology to provide **high quality, accurate, and stable system**:  
**Temperature dynamic detection, mask screening, and facial recognition can be combined with access control.**
2. O-Ring : Infrared sensor, precise spray, no residual, low power consumption, safe for children, impact buffer plate to keep the device stand and prevent falls.

These Anti-COVID19 solutions have been exported to the USA, Hawaii, Japan, Lithuania, and Vietnam. Also, we have FCC and CE certificate for these products.
